

21-Sep-09 Presenter Announcements

NCEN

This month's meeting featured presentations on the Green Built Environment

Round 1 Presenters

Name: Steve Kroll
Contact: steve@corvidwall.com (303) 674-3007
Company: Corvidwall www.corvidwall.com
Product: *The Corvid Radiant Wall System® is a new technology based on the tried and true insulated, concrete sandwich panel which has been proven efficient over the last thirty years. Our wall consists of 3 to 4 inches of exterior concrete, 2 to 3 inches of THERMOMASS® Dow Styrofoam insulation, and 4 to 6 inches of interior heated or cooled concrete. The thicknesses of each layer may be changed to suit the specific needs of each project.*

Need: Help separating the consulting business from the construction business to leverage IP rather than construction management. Find marketing partners and go global.

Name: Mark Kostovny
Contact: mark@solarvillagelife.com (303) 247-9400
Company: SolarVillage www.solarvillagehomes.com
Product: *Solar Village is a team of seasoned professionals with an average of 20 years dedicated to advancing progressive and sustainable concepts in real estate development and architectural design. This team has created the Solar Village brand to show that all our projects are committed to a new level of excellence.*

Need: Creative Financing for Projects; Potential Partners and/or Investors

Networking

20 minutes of exchanging help and ideas

Appreciation for sponsors:
